

# Student Equity & Engagement Programs Centers for Equity & Social Justice

Enrique Moran

Submitted by Gabriella Gandall

I am proud to nominate Enrique Moran for the Outstanding Student Award from the Centers for Equity and Social Justice. Enrique lights up every space he is in, is hardworking, dedicated, and kind. He is committed to his growth, knows how to help others, and never hesitated to extend a hand to those in need. Whether its leading the Rising Scholars club, doing outreach for youth in the local community, he shows up ready to be an agent of change and assure others of their potential. I know he is going to succeed in whatever path he embarks on, and his strong, dedicated, and passionate work ethic will take him far, and I could not think of someone more deserving of this recognition.
